

REMARKS

Claims 1-3 have been canceled without prejudice to their assertion in a continuing application.

Claims 4-15 have been added. Support for the new claims can be found in the application as filed. In particular, see pages 10-14, where each of the presently claimed compounds is specifically named.

In view of the foregoing amendments and remarks, the applicant submits that the claims are in condition for allowance, which is respectfully solicited. If the examiner believes a teleconference will advance prosecution, he is encouraged to contact the undersigned as indicated below.

Respectfully submitted,
